Stairs & Anderson publishers of The Dover News will dissolve partnership March 31st, when Editor Stairs will assume full control and Mr. Anderson will retire to seek a new field. Editor Stairs has also resigned the office of Police Judge of Dover.

A car attached to an L. and N. Stanford train due to leave here at 1:20 in the afternoon was discovered on fire yesterday about 1 o'clock. The car was standing on a side track near the round house and had the blaze not been discovered in its incipiency there is no telling what amount of damage might have resulted from it. The fire originated from a stove pipe igniting the roof of the car. A hose attached to a nearby hydrant extinguished the blaze before it had gained much headway. The damage was slight and the car went out on its regular run.

Harry Snodgrass, aged 86, once a wealthy distiller in Cynthiana, died Tuesday at the Kenton County Infirmary.

Ripley Bee—Mr. A. M. Danberry was called to New Richmond today by the death of an uncle, his father's brother.

There is a law in Kentucky which prohibits any corporation from paying its President or other officers a salary of more than \$50,000 a year. Our recent statement in THE PUBLIC LEDGER that the President of the Metropolitan Life Insurance Co. received a salary of \$100,000, may thus be cut down one half. But for all that these gentlemen can make just as much money as they please out of their offices, as they work everything on "the system" plan.

## NOTICE TO SUBSCRIBERS

THE LEDGER, within the past month, has mailed a number of bills to delinquent subscribers. Unless these accounts are paid, and for a short time in advance, these papers, under the new ruling of the Postoffice Department, will be discontinued February 1st, 1908. Others knowing themselves to be in arrears for only a few months, as shown by the yellow label on the paper, are also kindly asked to call and settle at once, so as not to miss a single issue of the paper. We want to retain all our subscribers, but hereafter we are compelled to discontinue THE LEDGER when the time for which it is paid expires.

THE attention of Public Ledger readers is respectfully directed to the views in this issue of Rev. BURRIS A. JENKINS, one of the leading Christian ministers of this country. It

**Rev. Jenkins Says**  
**"Sunday Lid" is a Nature**  
**Faker—A Few Raps**  
**at Religious Legislation.** will make the religious world gasp when it reads that Rev. JENKINS declares that the Sunday lid is a delusion and a snare and that—

"Righteousness cannot be legislated into a man, I am opposed to any religious regulation by city, State or Nation, concerning Sunday observance."

Instead of getting nearer to men, modern religion is driving men from it by mixing the Church with legislation.

Take the question of Sunday baseball and note the dire results following. It would be a thousand times better if every community would have a public baseball park where baseball and other harmless athletic sports could be indulged in on Sunday, barring all intoxicants, rather than drive the boys and young men to the big cities or some suburban resort and low fishing camp, where "wine, women and song" help along the gayety of Nations, and unholy license and revelry desecrate the Sabbath day,

thus hastening the moral ruin of youth.

The fires of manhood have got to burn, and it is much better that they should be lighted and guided by the flame of reason, toleration and good common sense, rather than directed by the blazing torch of the zealot and the big stick of the militant Christian.

The world has got to be won, redeemed and moralized by love, moral suasion and reason, and the Rev. Mr. JENKINS well says that religion and morality cannot be legislated into the average individual. One very good reason why legislation fails to co-operate with the Churches is because you cannot by law or the gospel despotically govern or regulate human appetites. You have to teach the soul of man and woman the beautiful side of virtue as compared with the horrors of sinful indulgence.

Normal men and women is what all should strive to be, with sound bodies and a healthy nervous system. This condition can only be attained by rational study and well-ordered physical exercise.

Better baseball on Sunday than fishing camps, concert halls and beer gardens.

We trust that this "night riding" campaign of intimidation and barn burning will be conducted in a quiet and regular manner, and strictly according to the rules governing the acts of unlawful outlawry. Nothing like committing a crime in a decent and orderly way. It takes half the pang from death to have one's head chopped off with a golden axe.

IT GIVES HIM A REST.

"Every year the Higgs have Mrs. Jones up to their country home for a long visit."  
"Fond of her, are they?"  
"No—of him."

How a Maysville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from headache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures. Maysville people testify. Here's one case of it.

A. W. McClanahan of A. W. and B. P. McClanahan, grocers, at 121 Second street, Maysville, Ky., says:

"I can endorse Doan's Kidney Pills more heartily today than I did five years ago when I told the Maysville people that this medicine had cured me of severe kidney trouble and backache that had bothered me for twenty years and seemed to be growing worse and worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills, which I purchased at J. Jas. Wood & Son's Druggists, today than I did in my former testimonial because my cure has been permanent and I have had no kidney trouble for nearly five years. As proof that I am a firm believer in Doan's Kidney Pills I will be only too pleased to reiterate the above to any who may inquire."

### CRANE & SHAFFER

A bulletin issued by the Interstate Commerce Commission shows that the number of casualties on railroads for the months of July, August and September, 1907, was 23,063, including 1,339 killed. This is an increase of 157 as compared with the corresponding period of 1906.

Mayor Stalcup of Maysville has decided not to call a meeting of Council to deal with the question of compelling the American Tobacco Company to cease purchasing tobacco here during the present period of excitement. The Mayor believes that any steps looking to the suppression of one business, is clearly illegal. The Council would have to treat all alike until the Courts passed upon the matter.

Hiram Jett, a Bracken county farmer, was enjoined yesterday afternoon by Attorney Hargett, representing the Burley Tobacco Society of Bracken county, from disposing of a four-horse load of tobacco to the American Tobacco Company at this place. It is claimed in the injunction papers served that Jett had signed the crop over to the Society of Equity and was thereby violating his obligation to the Society in endeavoring to dispose of it. The American Tobacco Company, under the circumstances, refused to receive it.

## PHYSICIANS DISCUSS

### NEW THEORY

#### Cooper's Views of Human Stomach Noted

by Medical Men.

A recent article in the New Orleans Item gives an account of the effect upon the medical profession of that city with regard to L. T. Cooper's theory that the human stomach is responsible for most ill health. The article is as follows:

"The astonishing sale of Cooper's preparation in this city has now reached such immense figures that the medical fraternity have been forced into open discussion of the man's theories and medicines.

"The physicians seem to be divided with regard to the young man's success in New Orleans—some being willing to credit him for what he has accomplished, while others assert that the interest he has aroused is but a passing fad that will die out as quickly as it has sprung up.

"In a statement recently obtained from a well-known physician of this city, the position of those in favor of Cooper is well voiced. The doctor said: 'I am not a believer in proprietary medicines, but I must admit that some

of the facts recently brought to my attention concerning this Cooper medicine have gone far toward removing the prejudice I had formed against them when I first heard of Cooper's new ideas and medicines.'

"Numbers of my patients whom I have treated for chronic liver, kidney, and stomach troubles have met me and stated that Cooper's medicine has accomplished wonderful results for them. I notice particularly in cases of stomach trouble that the man has relieved several cases that were of years' standing and proved very obstinate to treatment.

"I do not wish to stand in the way of something that may be for the public good, simply through professional prejudice, and I am inclined to give Cooper and his preparations credit as deserving to some extent the popular demonstration that has been accorded them in this city."

"We sell the Cooper medicines. They are proving remarkably successful throughout the entire United States.—T. J. Chinnoweth.

## President Jenkins on Sunday Closing.

The Rev. Burris A. Jenkins, formerly President of Kentucky University, Lexington, and now Pastor of the Linwood Boulevard Christian Church, Kansas City, Mo., does not believe in laws for Sunday observance. Righteousness can not be legislated into a man, says the Rev. Mr. Jenkins.

"I am opposed to any religious regulation by city, state or Nation concerning Sunday observance," said Dr. Jenkins. "Whatever is done on this basis should be done on a strictly secular basis. I yield to no one in a thoroughgoing belief in the principle of a sabbath."

"The injection of any religious sentiment into this or any other purely civic question is calculated to do vast harm to religion itself. It alienates men. It has been so all through history. It is so today. It is a sound principle of religious policy to conciliate men when possible without compromise of truth."

Dr. Jenkins also has views on the putting of "In God We Trust" on our coins.

"It is singular," he said, "that the agitation concerning this motto should come just at this time when we have shown our monetary lack

of trust in God or man. Did we trust God when we drew our money out of the banks and broke them? No, we trusted in the old stock and the safety vault.

"Do we trust in God right now when we keep our grocery man, meat man, druggist and doctor waiting for their money while we refuse to pay out from our boards for fear of hard times? If you trust in God prove it by paying your bills. Let your trust in God get into circulation. No, the motto is false when put on our coins. Let us first make it true. Engrave it in our hearts! and then we can, without shame put it on our double eagles."

"Is the motto on our coins appropriate? Why should the coins be chosen above other places of emblazonment? Why not put it on motor car tags and carriage licenses? Why not stamp it on the badges of policemen and firemen? Why not burn it into vitrified brick for paving and sewer building? In heaven's name, if it saves any lives, promotes any justice, builds up any righteousness, embelz on it all over the fabrics of the Nation, the state, the city."

Miss Porter Ferrie, who several weeks ago left Dover with Miss Ethel McMillan for Fort Worth, Texas, has gone to Paul's Valley, Ind. Terr., where she has an excellent position as assistant buyer in the suit department of a large store. Miss McMillan expects to follow shortly and locate at Paul Valley.

### BOGGS.

Our public school will close Friday.

Most of the tobacco of this section has been marketed.

Mrs. Frank Cracraft of Quick's Run is visiting relatives here.

Miss Stella May Nash is up from Maysville this week visiting relatives.

Alvin and Charlie Nash are attending the National School of Telegraphy at Cincinnati.

Dr. J. W. Hill and wife are entertaining a baby girl, who arrived at their home the 15th inst.

James Clark and Louis Marvin are attending the National School of Telegraphy at Cincinnati.

Frank Gidding and family will arrive here this week from Illinois, where they will reside in the future.

Mr. and Mrs. R. Edwin Buggs have been entertaining a little son—Robert Shelton—since the eighth inst.

The petitions for the pardon of Caleb Powers, at the Postoffice here, are being rapidly filled with names.

Mrs. Lizzie Hendrick, who has been visiting relatives in these parts, has returned to her home in Danville, Ill.

The red and blue contest started in Ebenezer Sunday-school three weeks ago with 48. Last Sunday 81 were reported.

Mrs. Lizzie Cracraft enjoyed a birthday dinner and gathering of friends Tuesday, which was given her by her family as a surprise.

Land seems to be increasing in value here. One farmer has declined an offer of one hundred dollars an acre for some bottom land.

We trust that the Legislature will take some action in behalf of good roads. The two men from Lewis county should agitate the matter forcibly, as we certainly need something to improve our roads, as the county officials will do nothing toward securing a better system. Our pikes, which once were fine, are fast becoming dirt roads. In the past two or three years literally no work has been done on our pikes at all.

MAYSVILLE, KY.—No. 1561, F. O. E.

Maysville, Ky., No. 1561, F. O. E., will meet at Wilson Building, Second street, this evening at 7:00 o'clock. Visiting Eagles invited.

CHARLES SLACK, W. P.

G. L. Dieder, Secretary.

A little attention given by the Commissioner to the cleaning of the crossings on the brick streets would not be amiss these days, and for which, no doubt, the ladies would be under many obligations.
